EXPERIENCE

Software Trainee (React Native Developer)

ITPlusPoint, Bhubaneswar

Aug 2025 – Present

- Working as a React Native Developer focusing on building mobile applications for Android.
- Collaborating with senior developers to implement new features, fix bugs, and optimize app performance.
- Gaining hands-on experience in API integration, UI/UX improvements, and mobile deployment workflows.

Web Development Intern

ITPlusPoint, Bhubaneswar

Jun 2025 – Aug 2025

- Designed and developed a complete Asset Management System using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented features for asset tracking, vendor management, assignment, and maintenance logging.
- item Integrated Chart.js dashboards for analytics and Tailwind CSS for responsive design.
- Delivered a functional web-based platform that streamlined asset management workflows for the company.

PROJECTS

Contact Management App – Backend Project

Node.js, Express.js, MongoDB

Mar 2025

- Developed a RESTful API following MVC architecture with full CRUD operations.
- Implemented secure authentication using JWT and bcrypt.
- Applied middleware for error handling, route protection, and request validation.
- Tested APIs with Thunder Client and maintained modular, scalable backend code.

FC Barcelona Mobile App (Frontend)

React Native (Expo CLI)

May 2025

- Developed a frontend mobile application dedicated to FC Barcelona fans using React Native with Expo CLI.
- Implemented camera functionality for interactive features and integrated location services for user-specific content.
- Designed and structured multiple screens with smooth navigation and responsive UI components.
- Performed CRUD operations for managing user data within the app.
- Focused on delivering an engaging, mobile-first user experience with React Native components.
